

ARE YOU SELLING YOUR PRODUCTS AND SERVICES ON THE INTERNET?

You should be.

eCommerce has become the next “gold rush” for entrepreneurs and business owners worldwide. There are fortunes to be made online if you have the right product or service and combine it with a best-of-breed payment solution. From newbies to professional developers, we have an eCommerce solution that will give you the tools you need to SELL on the world wide web.

- “Bolt On” credit card authorization to your existing site, or supply the content and we’ll build it for you
- Easy to maintain the site yourself with no programming required
- Existing site? Let us help you take it to the next level
- Every web store comes with an integrated credit card Merchant Account
- Turnkey solutions with everything you need to SELL on the web

Since 1987, Electronic Merchant Systems has been providing entrepreneurs with what is necessary to sell their products and services. For the eCommerce Merchant we have developed a range of products, support, and educational information to help you with every step of the process. EMS provides the reliability, ease-of-use, security and performance you’ll need to create and manage a successful online business.
